Secretary

7th State Conference of Bihar Chapter of Indian Chest Society

We are delighted to invite you to the 7th Bihar Pulmonary Conference - BIPCON 2024, scheduled for October 26th and 27th, 2024, in Patna, Bihar. This prestigious event is organized by the Bihar State Chapter of the Indian Chest Society and promises two days of engaging and insightful scientific sessions.

The conference will feature a series of high-quality lectures delivered by renowned national speakers, many of whom have earned international acclaim. Day one will include workshops focusing on critical topics in pulmonary medicine, offering a hands-on approach to learning.

BIPCON 2024 will cover a broad range of subjects, from foundational knowledge to the latest advancements in pulmonary medicine. This is an excellent platform for participants to acquire new skills, explore cutting-edge techniques, and engage with esteemed faculty from across India.

Chief guest
Shri Mangal Pandey

Hon'ble Minister of Health,
Govt. Of Bihar

**7th State Conference of Bihar
Chapter of Indian Chest Society**

The Premier Pulmonary Conference of Bihar

The journey of BIPCON in Bihar has been short, sweet, and fast. In 1999, the concept of a state-level CME (Continuing Medical Education) in Pulmonary Medicine was conceived by a group of senior pulmonologists, alongside budding young pulmonologists from various medical colleges, including IGIMS, PMCH, NMCH, and private sectors across Bihar. It was informally named the Chest Forum.

Over a span of 10 years, from 2009 to 2018, individual hospitals also played a crucial role in organizing state-level CME programs. During this period, one CME was organized under the ICS banner. The establishment of AIIMS Patna in 2012-2013 further strengthened the pulmonary medicine work in the state.

In 2017, the pulmonologists of Bihar collectively decided to formally name the event as the Bihar Pulmonary Conference (BIPCON). The first BIPCON was held in October 2017, organized by AIIMS Patna, laying a strong foundation for future conferences. This was followed by the 2nd BIPCON in October 2018, which attracted 350 doctors as delegates.

The 3rd BIPCON, organized by IGIMS Patna in October 2019, spanned two full days and featured workshops alongside the main conference. For the first time, a cultural program was introduced, which turned out to be a big success.

The year 2020 was lost to the pandemic, but BIPCON 2021 was held online. The 5th BIPCON took place at AIIMS in October 2022, followed by the 6th BIPCON at Paras Hospital and Urja Bhawan Auditorium, which once again featured a highly entertaining cultural program.

Looking ahead, BIPCON 2024 is being organized by Ruban Hospital, Big Apollo Spectra Hospital, and Ramkrishna Chest Hospital, and is scheduled to be held on 26th and 27th October at the Gyan Bhawan Convention Centre, the largest convention center in Bihar. We expect 500 doctors from across the state to attend this two-day event, which will include both workshops and the main conference.

The organizing team aims to match the standards of international conferences and provide a platform for knowledge-sharing and networking among pulmonary medicine professionals.

Why attend this Bihar Pulmonary Conference

This BIPCON 2024 conference
has Nine unique USP that is

Registration
is free

01

Opportunity to listen, learn,
interact with international
level speakers who are
masters in their field of
subject.

03

Opportunity to self
assessment in quiz session
as well as opportunity to
give rating/ marking to
each teaching faculty.

05

Opportunity to get workshop
book and conference book
rich in scientific contents as
well as information on new
products and breakthrough
medicines.

07

Conference
kit

09

02

Be the first to experience
a pulmonary conference
of national and international
standards at Gyan bhawan
convention centre.

04

8 CME credit hours
by NMC/MCI which
is mandatory for
re registration of
medical qualification.

06

Visit several stalls to
learn new advancements
and innovations in devices,
instruments, and medicines.

08

8 workstations
to learn and
practice skills
in workshop.

Eminent National Faculties

Padmashree Dr. (Prof.) D. Behera
Director Pulmonary Medicine,

Key Highlights of BIPCON 2024

01

Free Registration

Take advantage of this unique opportunity without any registration fee.

02

Premier Venue

Experience a world-class pulmonary conference at the renowned Gyan Bhawan Convention Centre, Patna.

03

International Expertise

Engage with speakers of international repute who are masters in their fields and learn from their vast experience.

04

Earn CME Credits

Fulfill the mandatory NMC/MCI credit hours required for re-registration of your medical qualifications.

05

Hands-On Learning

Participate in 8 specialized workstations that provide practical skills and training on the latest pulmonary procedures.

06

Interactive Self-Assessment

Test your knowledge through quiz sessions and provide feedback to the teaching faculty, enhancing both learning and teaching experiences.

07

Explore Innovations

Visit numerous stalls to learn about the latest advancements and innovations in medical devices, instruments, and medicines.

08

Exclusive Learning Material

Receive a comprehensive workshop and conference book filled with scientific content, new product information, and breakthrough medicines.

09

Networking & Culture

Enjoy a conference kit and unwind with a cultural night featuring engaging programs to connect with peers in a relaxed setting.

An Ancient Heritage Meets Modern Innovation

A Perfect Host for BIPCON 2024

As we gather at BIPCON 2024 to discuss advancements in medical science, it's only fitting that this event takes place in Bihar - a state that embodies the perfect blend of ancient wisdom and modern progress. Just as BIPCON brings together experts to share knowledge and innovation, Bihar stands as a testament to the enduring legacy of intellectual growth, cultural evolution, and cutting-edge development.

From the sacred Bodhi Tree in Bodh Gaya, where Buddha attained enlightenment, to the state's pioneering projects like the glass bridge at Rajgir, Bihar is a destination that reflects the spirit of progress. We invite you to not only engage with the brilliant minds at BIPCON but also to explore the wonders of Bihar, a land of historical significance and future-forward ambition.

The Bodhi Tree and Mahabodhi Temple at Bodh Gaya

The Bodhi Tree, a sacred fig (*Ficus religiosa*), is where Buddha attained enlightenment. Located in Bodh Gaya, Bihar, this site symbolizes peace, knowledge, and spiritual awakening, attracting pilgrims worldwide. The first temple was built by Emperor Ashoka in the 3rd

century B.C. The current Mahabodhi Temple, built during the 5th or 6th century A.D., is a UNESCO World Heritage Site and one of the earliest brick-built Buddhist temples, showcasing India's early architectural mastery.

Rajgir: The Ancient Capital of Magadha

Rajgir served as the ancient capital of Magadha until the 5th century B.C. under King Udayin, and it later shifted to Pataliputra (modern Patna). The region, rich in history, is now home to modern attractions like the soon-to-be-inaugurated glass bridge.

Spanning 85 feet and accommodating 40 visitors, it will offer breathtaking views of Rajgir's hills, providing an exciting addition to the area's historical allure.

Harappan Artifact in Bihar Museum

Bihar Museum in Patna showcases artifacts from the Harappan Civilization and covers periods from the Mauryas, Nandas, and Shishunagas. The collection spans the 4th to 1st centuries B.C., providing

insights into the technological and cultural advancements of ancient India. Notable exhibits include the Didarganj Yakshi and fragments of stupas depicting Buddha's life.

The Ashokan Pillar at Kolhua, Vaishali

The Ashokan Pillar in Kolhua, Vaishali, was built by Emperor Ashoka and stands at 18.3 meters, crowned with a life-size lion figure. This polished

sandstone monument is a significant relic of ancient India, reflecting Ashoka's contributions to Buddhism.

ISKCON Temple, Patna

The ISKCON Temple in Patna is a spiritual center founded under Bhaktivedanta Swami Srila Prabhupada. The temple is a hub of

religious activity, offering Kirtan and Prasadam to visitors. It stands as one of the city's major religious attractions.

Takhat Sri Harimandir Sahib, Patna

Takhat Sri Harimandir Sahib, Patna is one of the five Takhts (seats of authority) in Sikhism, located in Patna, Bihar. It holds significant religious and historical importance as it marks the birthplace of the tenth Sikh Guru, Guru Gobind Singh Ji. The Gurdwara,

known for its grandeur and spiritual ambiance, is a revered pilgrimage site for Sikhs worldwide.

Sher Shah Suri Tomb, Sasaram

The grand tomb of Sher Shah Suri in Sasaram stands as a magnificent example of Indo-Islamic architecture. Built in the 16th century, this sandstone mausoleum, surrounded by an artificial lake, reflects the glory of the Suri dynasty. Sher Shah Suri, the founder of the Suri

Empire, was known for his administrative reforms and for introducing the Grand Trunk Road, which still serves as one of India's major highways. The tomb's intricate carvings, domed roof, and picturesque setting make it a must-visit for history enthusiasts.

Valmikinagar: The Forest of Legends

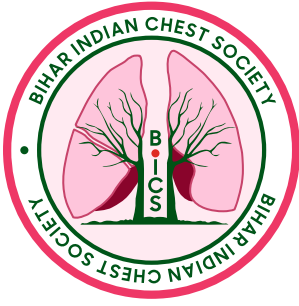

Valmikinagar, located on the India-Nepal border, is a scenic and spiritual destination known for the Valmiki Tiger Reserve and the Valmiki Ashram, where the sage Valmiki is believed to have written the Ramayana. The area offers breathtaking views of the Gandak

River and is rich in biodiversity, home to Bengal tigers, leopards, and many other species. For nature lovers and spiritual seekers alike, Valmikinagar provides a serene escape amidst natural beauty and historical significance.

Bihar is a testament to India's rich historical, cultural, and spiritual legacy. The Bodhi Tree in Bodh Gaya, where Buddha attained enlightenment, and the ancient ruins of Rajgir tell timeless stories. The Mahabodhi Temple, a UNESCO World Heritage Site, showcases architectural excellence, while the Ashokan Pillar at Kolhua reflects Emperor Ashoka's commitment to Buddhism.

With modern developments like the glass bridge in Rajgir and improved infrastructure, Bihar is evolving into a vibrant tourism destination.

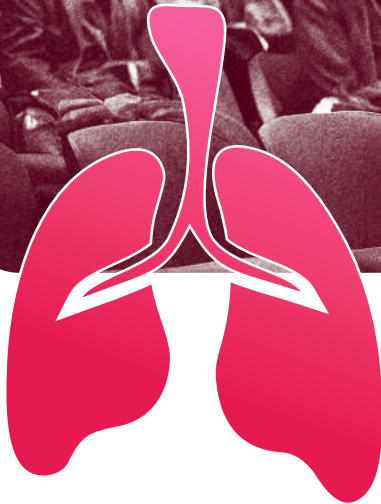

By promoting these attractions and ensuring a welcoming environment, Bihar is positioned to become a significant player in India's tourism landscape. The blend of spirituality, history, and modernity invites travelers from around the world to explore its treasures. As Bihar continues to evolve, it remains a beacon of exploration, drawing visitors for years to come.
